

# RACING FOR LEOPARDS

*Do it for conservation*

**JOIN THE RACE FOR THEIR SURVIVAL. LEAVE YOUR GREEN MARK ON THE LAND AND IN THE MINDS OF PEOPLE AROUND YOU**

## THE CHALLENGE

Raise awareness and funds for leopard conservation by wearing these cycling shirts. Leopards need territories that go beyond the boundaries of national parks. On farms they are gin trapped, hunted with dogs and even poisoned. The Landmark Foundation works with progressive farmers to change this. By using improved livestock protection methods, losses are limited and predators are conserved as an essential part of the ecosystem. The leopard is an ambassador for other wildlife that walks within its ranges. Its protection ensures their conservation as well.

Biodiversity belongs to everyone. Join us in building the conservation economy.

## THE SHIRTS

Made from Velotex Vento/Polyvent, a high quality performance wear with excellent breathability, durability and comfort. Funds raised through the sale of shirts goes to the Landmark Foundation Leopard and Predator Project. Cost of shirt: R500

## ORDER

Please order through Leopard Junction by contacting [kate@landmarkfoundation.org.za](mailto:kate@landmarkfoundation.org.za).

## DO IT FOR LEOPARDS

People across the globe are using their passion and love for sport to raise funds for charities. Take this challenge for leopards, contact Kate or look at [www.doit4charity.org.za](http://www.doit4charity.org.za) to see what others are doing.

## JOIN US

Send us your photos of where you go with your shirt!

Watch the blog for updates.

Visit our website for more information about the conservation project.
